## FALL 2023

### NRA Women-On-Target 2023

(Article submitted by Bill Fredericks)

On Saturday, September 23<sup>rd</sup> the Sippican Rod & Gun Club again sponsored its annual NRA Women-On-Target program. This year 26 area women, along with more than 20 volunteers, braved the bad weather and rain to provide for another excellent outcome. The programs' purpose is to teach women the basics of firearm safety and provide an introduction into the shooting sports. The morning session NRA Firearm Home Safety Course was taught by Jon Green, the Director of training at the Gun Owners Action League, and Kerrie Ann Auclair, also from GOAL. This allows the women to apply for the Massachusetts License-To-Carry (LTC). After, an outstanding and varied lunch meal was provided by our club chef extraordinaire, and club President, Andrew Daniel. The afternoon events had the ladies rotating each hour between the Trap, 100-yard rifle, 50-yard rifle and Pistol ranges. At the end of the day, all the ladies had smiles and were very thankful to the volunteers and club for providing them with a quality event. If you see any ladies while you are shooting at the club, please make them feel welcome. For 2024 we are scheduled to again hold the Women-On-Target event on Saturday, September 28. If you would like to volunteer for next year, please contact club President Andrew Daniel ([adaniel81180@gmail.com](mailto:adaniel81180@gmail.com)), or WOT Program Director Bill Fredericks ([airborne1715@gmail.com](mailto:airborne1715@gmail.com)).
